Chose type of Participation: Please select Host Family Member and/or Volunteer

Are you completing this registration as the PRIMARY HOUSEHOLD REGISTRATION? Please note that each host family can have ONE primary household registration. There can only be ONE primary registrant. The primary registrant is the "point person" in your Host Family. This is the person who's contact information will be on the athlete's credential and will be answering all the detailed questions about the family. The primary registrant must be at least 21 years of age. The remaining household members should register as a HOST FAMILY, but NOT the primary registrant.

Most of the fields are self-explanatory. **Some clarifications:**

Are you able and willing to host international delegation teens arriving as early as Wednesday, July 23rd until Sunday, August 3rd? Many of our international delegations will be arriving prior to the start of the Games. If you answer YES to this question, you will be responsible for housing them prior to any JCC Maccabi programming. This is a wonderful opportunity to welcome our foreign guests, show them around Tucson.

Do you keep a kosher home? Please read all the descriptions for the different levels of kashrut to help you answer the questions in this section. We want to make sure we correctly connect athletes and host families with similar dietary needs.

How many people will be in your household excluding yourself during the week of Maccabi? Each person in your home will need to complete the RegPack registration (not as the primary household registrant). Upon completion of your registration, there will be opportunity to add more.

When done click **Go to next step>>**

BACKGROUND CHECK

It is required that all members 18 years and older complete and pass a background check. The check is performed by a third-party company at no cost to you.

When done click **Go to next step>>** You will then confirm that you agree to the terms and conditions. By clicking **ACCEPT**, you will be directed to the next page.
